

tea 600N

The TEA 600N transplanter is an intuitive and easy to use machine, ideal for growers seeking performances without sacrificing flexibility. Able to carry out large volumes of work with reduced maintenance interventions, the 600N transplanter is equipped with individually motorized grippers and allows the side picking of seedlings. The machine parameters and the programs entered can be saved on a USB memory.

Characteristics	600N
Machine dimensions (LxLxH)	cm 190x290x200
Weight	kg 600
Power	kW 1
Voltage	Volt 220/100
Air consumption	l/min 70
Nr. grippers	max. 12
Productivity	plant/hour for each gripper 1500
Max. tray dimensions	cm 40x60
